MENTAL HEALTH APP PROTOTYPE

[CLICK TO SEE](#)

Designed a mental health app prototype with a strong emphasis on UI/UX and behaviorism principles to positively influence user behavior. Conducted in-depth target audience research to ensure the app effectively addresses user needs and promotes healthy mental habits.

GUITAR STORE REDESIGN PROTOTYPE

[CLICK TO SEE](#)

[ORIGINAL WEBSITE](#)

Redesigned a guitar store website utilizing UI/UX principles and thorough competitor research. Enhanced user experience, improved navigation, and implemented features to drive engagement.

GAME DEVELOPMENT PORTFOLIO

[CLICK TO SEE](#)

Built and designed a personal game portfolio website using HTML/CSS to showcase my projects and support my professional growth. The website is in its initial state and will be continuously updated throughout my studies.
